

Illkirch, 26th January 2022

Dear Partners

The ESARIS Group has been built for the last fifteen years by bringing together companies with strong and recognized skills in the field of electromechanics and connectors for the aeronautics, defence, rail, the electrical and lifting industry. FELS, SAUMAC, THIVEND, ATI INTERCO are the names of the companies that are part of the ESARIS Group.

2022 marks a new milestone since, from end January 2022, all the companies that are part of the Group will abandon their original names to bear the name ESARIS.

The legal entities of the different sites, the commercial relationships and the logistical links remain intact.

Regarding ATI INTERCO, we wish to specify the principles of this name change :

- The legal entity remains and will be renamed : ESARIS INDUSTRIES – SITE ATI INTERCO
- Our official documents (quotations, invoices, orders, delivery notes...) will mention the new site name for an easy distinction
- Our bank details remain unchanged
- Our delivery address remains unchanged
- Our email addresses will become xxx@esaris.fr
The current email addresses will remain active until 30th September 2022
- Effective date : 1st February 2022
